

The Extended Warranty Program That Protects Your Orthotics

You must be excited about your new orthotics. Your footcare professional has prescribed these precision devices to realign your body's structure to allow your feet and legs to function better. Your orthotics will help create significant biomechanical changes to protect your future health.

Because you have chosen to make a considerable investment in your future health, you should know there is a chance your new orthotics will be:

**Lost
Stolen
Need Adjustment
Damaged
Outgrown**

Is There A Protection Plan?

KLM Laboratories, Inc., offers a unique Extended Warranty Program for \$100 that insures you against the often costly expenses incurred for orthotic adjustments, replacements, and /or repairs.

Why Purchase The Warranty?

All KLM custom orthotics come with a standard six month guarantee against defects in materials and workmanship. However, it does not protect you from the potential costs of replacing outgrown, lost, stolen or damaged orthotics. KLM's Extended Warranty Program includes and extends your coverage for an additional 18 months, or a full two years from the date your orthotics are delivered to your footcare professional.

What Coverage Do I Get?

The program covers four areas:

- 1.) The cost of any adjustments your footcare professional thinks are necessary.*
- 2.) The replacement of any lost or stolen orthotics. (A \$50 per foot surcharge is applied on each such claim.)*
- 3.) The replacement or repair of any damaged or broken orthotics. (A \$50 per foot surcharge is applied if damaged devices are not returned with the warranty claim form.)*
- 4.) A free second pair of orthotics per contract for patients between ages 1 and 15. Young, growing people often outgrow their orthotics in two years. Simply return the old orthotics to your footcare professional, and we will make a new pair at no cost to you. The warranty covers lab costs only. It does not cover footcare professional's fees or office visits.
In effect, this Extended Warranty Program covers all problems with orthotics for two years from the delivery date to your footcare professional. The program protects you against virtually all unforeseen difficulties.*
- 5.) For any problems with your orthotics, contact your footcare professional first.*

How Do I Sign Up?

Signing up is easy. Simply fill out the attached application form and send it with a \$100.00 check or money order made out to:

KLM Laboratories, Inc.
28280 Alta Vista Ave.
Valencia, CA 91355
800-556-3668

KLM must receive your application within 60 days after the date your orthotics are delivered to your footcare professional.

Money Back Guarantee

We believe this Extended Warranty Program is the finest and most comprehensive program available. In fact we guarantee it!

If you purchase the warranty and are not satisfied with it for any reason, return it to KLM within 60 days from the policy date and receive a full refund.

Your footcare professional has made an important decision by prescribing orthotics for you. Be sure to follow his or her instructions exactly, and most of all, enjoy your new orthotics!
